

In an effort to ensure California physicians can continue to provide care to patients during the COVID-19 outbreak, the California Medical Association (CMA) is partnering with State of California Office of Emergency Services (OES) to provide [free medical-grade personal protective equipment](#) (PPE) – including N95 and surgical masks, gowns, gloves and face shields – to small and medium sized medical practices across the state. Physicians can reserve their PPE by going to cmadocs.org/PPE.

The equipment will be distributed at dozens of drive-through events throughout the state, organized by CMA and its component medical societies. The “drive through” pick up events will be held on various dates by county, between July 27 and August 12. Most events will take place between 10am – 4pm

Volunteers are needed during the “drive through” events to assist with a variety of tasks (checking in attendees, loading boxes into cars, managing traffic flow, and setting up the event). Loading boxes will require the ability to lift 45-pound boxes into cars. Volunteers will be in the sun, in potential extreme heat, on asphalt, so please dress accordingly.

Volunteers will be provided personal PPE during the event and all staff and volunteers will be adhering to strict COVID-19 safety protocols. Volunteers will be provided a t-shirt and safety vest at the event. Volunteers will be provided with food and water.

Additionally, all volunteers will receive a personal bag of PPE items for them to take home for their personal use. For our health care affiliated student volunteers, this PPE may be used to complete your clinical internships.

Also, if requested, student volunteers will receive a personalized letter from CMA acknowledging their support of PPE Relief and participation as a volunteer.

Volunteers must be 18+ years or older, no one under 18 is allowed onsite. Closed-toe shoes are required.

If interested in volunteering, please email the appropriate volunteer coordinator listed below for the event location you are interested in. We welcome your participation at multiple events.

In the event you are unable to reach the volunteer coordinator at your desired event site, feel free to contact CMA’s Member Resource Center at (800) 786-4262 and they will assist you.

| Date | County | Event Location | Volunteer Coordinator |
|--------------------------------|-------------|------------------------------|--|
| Monday, July 27 th | Los Angeles | Rose Bowl Stadium | Lisa Le lisa@lacmanet.org |
